

North Suburban Soccer Academy Indoor Clinics & Micro Soccer for Boys and Girls 4-9

The North Suburban Soccer Academy ("NSSA") offers a fun and structured learning environment for children ages 4-9. Professional soccer coaches teach all of our classes.

Clinic Program- The main goal of the NSSA clinic program is to expose children to the game of soccer, while developing individual skills and a love for the game. The fundamentals are taught, including footwork, ball-control, ball handling, shooting, and agility.

Micro-Soccer - Currently the only micro-soccer league in our area, our program gives clinic participants the opportunity to practice their clinic skills in a "real game." Please see the inside of the brochure for more information.

NSSA Coaching Staff

Dane Skaric founded North Suburban Soccer Academy and NS Premier Travel Soccer in 2004. Dane has 9 years of experience coaching on the North Shore. Prior to training children, Dane played professional soccer in both the United States and Europe.

Mauricio Dos Santos has played professionally in the US and Brazil. Mauricio has his Professional Brazilian and US Amateur Coaching Licenses and currently is Assistant Coach at Olivet University.

Aleksandar (Sasha) Bogosavljevic played professional soccer in Europe and in college was a NAIA National Champion. Prior to joining NSSA Sasha coached at the college level as well as U8 to U16.

Joy of the Game Center - Joy of the Game Sports Center is located at 158 S. Waukegan Rd., Deerfield. Joy of the Game center features four air-conditioned basketball courts, party room and strength performance center. Joy of the Game is the largest AAU basketball- training program in the Midwest.

NS PREMIER TRAVEL SOCCER is the competitive arm of the club. We have teams ranging from U8 through High School. We currently have "winter-ball" spaces available for second & third grade boys and girls and seventh grade boys. Why Small-Sided Games?

US Youth Soccer has thought long and hard about the answer to the question, "Why Small-Sided Games?" What does "Small-Sided Games" mean? These are soccer games with fewer players competing on a smaller sized field. These are fun games that involve the players more because fewer players are sharing one ball. All ages can play "Small Sided Games", but it has a definite developmental impact on our younger soccer players. Here are some of the reasons why we believe, as soccer coaches, administrators and parents must guarantee that our young soccer players play small-sided games:

1. We want our young soccer players to touch the soccer ball more often and become *more skillful with it!* (Individual technical development);

2. To make more, less-complicated decisions during the game! (Tactical development);

3. To be more physically efficient in the field space they are playing in! (Reduced field size);

4. We want our young soccer players to have more individual teaching time with the coach! Less players on the field and less players on the team will guarantee this! (Need to feel worthy and need to feel important);

5. To have more, involved playing time in the game! (More opportunity to solve problems that only the game presents);

6. To have more opportunity to play on both sides of the ball! (More exposure to attacking and defending situations); and

7. To have more opportunities to score goals! (Pure excitement)

The "Small-Sided" environment is a developmentally appropriate and FUN environment for our young soccer players.

It just makes sense doesn't it?
